TEMPERED GLASS 9D OG PREMIUM

Tempered glass 9D OG Premium, protects the phone screen against damage.

The highest quality glass, covered with an electrostatic coating, thanks to which it does not collect dust and is extremely smooth to the touch. The glass has an oleophobic coating to prevent fingerprints and facilitate cleaning of the resulting dirt.

The glass is 0.2mm thick, has an adhesive on the entire surface and does not leave bubbles during gluing.

It is made of three layers making it high transparency and resistance to damage.

Perfectly matched to the selected phone model, it protects the phone on its entire surface, including the rounded surface of the display.
