

## Selfie Stick R1S black

Product code: Fot000030

EAN: 5902537087408

- Model: **R1S**
- Color: **black**

### SELFIE STICK R1S

Wireless selfie stick with adjustable arm and flash

The stick is made of aluminum with a comfortable grip ensuring comfort during use.

The handle can be unfolded to the Tripod position which serves as a tripod.

The trigger on the remote control allows you to remotely activate the shutter in the system camera in the smartphone and in compatible applications.

The product fits most mobile phones available on the market - arm spacing up to 85mm

The illuminating lamp has two light intensity options.

It has a removable remote control, so you can control it remotely

### SPECIFICATION

The maximum length is 67 cm

Powered by CR1632 batteries
