MAGIC EYE CASE - with glass lens protection

The cover is made of high-quality plastic, with an interior finished with microfiber.

An additional lens hood made of durable glass does not affect sharpness and color.

Gently raised edges protect the phone screen better.

The Soft-Touch finish makes the case extremely smooth.

The cover is covered with an oleophobic coating, which makes it easy to clean from dirt.

Finishing the inside of the cover with microfiber to prevent sticking to the device and damage.
