CAR HOLDER ARM 136

Mobile phone holder for mounting on the windshield or in the cockpit.

Full adjustment of the angle of inclination and the ability to rotate the holder 360 degrees guarantee comfortable and safe operation of the phone.

The product fits most phones available on the market - the arm spacing is from 48 to 94 mm.

The design of the holder allows easy installation of the phone in the device and free access to all buttons on the phone.
