

FOLIA HYDROŻELOWA SPIGEN NEO FLEX 2-PACK GALAXY S22 ULTRA

Product code: 8809811857269-AFL04137

EAN: 8809811857269

The Neo Flex protective film is made from highly flexible TPU, so curves are not a problem for it. Installation is a breeze, as we install the coating wet, so we don't have to worry about air bubbles or uneven installation.

The film is transparent, perfectly reproducing displayed colors and does not affect touch sensitivity. The product excellently protects the valuable screen from scratches and has self-healing properties.

* The Spigen Neo Flex film is compatible with most cases available on the market.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can.
