The Spigen Cyrill Ultra Color Mag case is an elegant and durable accessory that provides a stylish look and a high level of protection.

The case is made from TPU and PC materials. The flexible and slightly soft polyurethane (TPU) offers great protection against scratches and fingerprints and provides good cushioning during falls. The colorful polycarbonate frame around the camera lifts the lens above the surface, ensuring protection against drops and scratches, while also giving the whole a stylish appearance. The lightweight and slim design makes the Ultra Color unobtrusive in everyday use, and the matte finish guarantees a secure grip.

The case is equipped with a ring compatible with wireless MagSafe technology.

The magnetic ring ensures maximum charging efficiency and a quick and easy connection with all MagSafe-enabled accessories.

All Spigen products are tested for abrasion resistance and precise fit to deliver high-quality cases.
