

RINGKE FUSION X IPHONE 14 PLUS / 15 PLUS BLACK

Product code: 8809881263410

EAN: 8809881263410

A unique case, whose undeniable advantage is its small size in relation to the offered protection.

Made of flexible polycarbonate, additionally reinforced with shock-absorbing TPU material. The entire case effectively mitigates all falls and protects against scratches, and does not significantly affect the appearance, revealing the back panel of the phone. The case has taken on the character of a rugged case, as it differs from the basic version with corner reinforcements that strengthen and protect these critical parts of the phone. Thanks to the added special embossing on the edges, the phone in the case is held much more securely in hand. Recommended especially for everyday practical protection of the device.

Fusion X has undergone performance testing and received the MIL STD 810G-516.6 certification, which means it has fallen 26 times from a height of 2 meters.

All Ringke products are tested for abrasion resistance and precise fitting to deliver high-quality cases.

PRODUCT FEATURES:
