

## SZKŁO HARTOWANE HOFI GLASS PRO+ IPHONE 13 / 13 PRO / 14 / 16E BLACK

Product code: 9589046924859

EAN: 9589046924859

The tempered glass from Hofi is made of lightweight and milled glass with a thickness of 0.3mm, which does not affect touch sensitivity. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. This gives it an extremely high resistance to scratches.

The glass is crystal clear and has an additional oleophobic coating, thereby minimizing fingerprints and other contaminants.

**Check how to install:** <https://youtu.be/8s3cmkqoeG0>

\* The glass is compatible with most cases available on the market.

\*\* Due to the various milling of display edges, after installing the protective film/glass on the screen, a slight air halo may form around the screen! This is a natural situation and depends on the milling of the screen in a given unit.

### INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips of tape, sticking them to the side of the device.
- 4) Get rid of air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

### PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- Cut to the flat part of the display
- Milled 2.5D edges that feel nice to the touch
- Additional oleophobic layer

- Perfect clarity
- Does not affect touch functionality
- Dimensions: 142x67mm

**SET INCLUDES:**

- 1 x Hofi Glass Pro+
- 1 x Installation kit
