

TECH-PROTECT C20W 2-PORT NETWORK CHARGER PD 20W / QC3.0 + LIGHTNING CABLE WHITE

Product code: 9490713929124

EAN: 9490713929124

The convenient and practical set includes the C20W charger and a Lightning connector cable from Tech-Protect.

The dual-port USB-C (PD20W) and USB-A (QC3.0) charger provides the ability for fast, and above all, safe energy renewal in mobile devices. The applied Quick Charge and Power Delivery technologies minimize charging time by rapidly increasing device power, while protective systems safeguard the device against harmful overloads. The accessory features an intelligent management system that adjusts the optimal voltage to the specific device.

The flexible and durable cable with PD20W fast charging capability allows for rapid charging of Apple devices. Made from a combination of high-quality materials - galvanized copper (core of the cable) and TPE coating - flexible and durable - with additional reinforcement at the ends.

The cable also allows for data transfer at speeds of up to 480MB/sec.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Compact size
- Precisely made
- Fast charging function
- Durable construction
- PD20W and QC3.0 technology
- Input voltage range: 100–240V~50/60Hz, 0.5A
- Output voltage: USB-C: 5V/3A, 9V/2.22A, 12V/1.67A (20W Max)
- Output voltage: USB-A: 5V/3A, 9V/2A, 12V/1.5A

THE SET INCLUDES:

- 1 x Tech-Protect C20W Network Charger
- 1 x USB Type C - Lightning Cable 100cm
