

SZKŁO HARTOWANE RINGKE ID FC GLASS 4-PACK APPLE WATCH ULTRA 1 / 2 / 3 (49 MM) CLEAR

Product code: 8809881268378

EAN: 8809881268378

High-quality Ringke ID tempered glass is the perfect way to protect your screen from scratches and impacts. It has a thickness of 0.3mm and a hardness of 9H, which is sufficient for effective screen protection, while the glass itself has high resistance to surface scratches. It is also coated with a hydrophobic and oleophobic layer that reduces the degree of fingerprint smudging on the screen.

Trust the Ringke brand and its excellent quality!

* The glass is cut only for the flat part with a protruding structure, according to and based on the die prepared by the manufacturer of the specific phone model.

** Due to various milling, a delicate air halo may form around the screen after installing the protective glass. This is a natural situation and depends on the device itself.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two strips of tape, sticking them to the side of the device.
- 4) Remove air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packaged in original packaging
- Scratch resistance up to 9H
- Tempered glass with a thickness of 0.3mm
- Has an oleophobic layer
- 2.5D beveled edges
- Does not affect touch sensitivity
- Dimensions: 43x35mm

SET INCLUDES:

4 x Ringke ID Glass

1 x Installation Kit
