

SZKŁO HARTOWANE SPIGEN GLAS.TR SLIM + FILM 2-SET GOPRO HERO 9 / 10 / 11 / 12 CLEAR

Product code: 8809756648113-AGL03045

EAN: 0

The comprehensive protective set from Spigen combines tempered glass and a film for the screen and lens.

The Glas.TR Slim tempered glass perfectly protects the valuable screen during extreme falls. Its high resistance provides unmatched durability and effective protection against scratches, impacts, and dirt. Additionally, it is coated with an oleophobic layer that minimizes fingerprints or other contaminants, ensuring perfect clarity of the image.

The film is transparent, perfectly reproducing displayed colors and does not affect touch sensitivity. The product excellently protects the valuable screen from scratches and has self-healing properties.

The Spigen set is an essential accessory for those who value not only the quality of recorded material but also the durability and protection of their device.

* The glass/film is cut only for the flat part of the display with a protruding structure, according to and based on the die prepared by the manufacturer of the specific phone model. Only such cutting of the film/glass will ensure complete compatibility with our protective accessories.

** Due to the various edge milling of displays, after installing the protective film/glass on the screen, a delicate air halo may form around the screen! This is a natural situation and depends on the screen itself.

*** Product images are for reference; depending on the dimensions, the glass may be packaged in a different box.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it will not interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two strips of tape, sticking them to the side of the device.
- 4) Remove air bubbles by pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Glass hardness 9H
- Cut to the flat part of the display
- Waterproof
- Additional oleophobic layer
- Ideal clarity
- Does not affect touch functionality

SET INCLUDES:

- 2 x Film for large display Spigen
- 2 x Glass for small display Spigen Glas.TR Slim
- 2 x Glass for lens Spigen Glas.TR Slim
- 1 x Installation kit
