

SZKŁO HARTOWANE HOFI GLASS PRO+ 2-PACK GALAXY S24 BLACK

Product code: 5906203690350

EAN: 5906203690350

The tempered glass from Hofi is made of lightweight and milled glass with a thickness of 0.3mm, which does not affect touch sensitivity. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. This gives it an extremely high resistance to scratches.

The glass is crystal clear and has additionally been coated with an oleophobic layer, thus minimizing the amount of fingerprints or other contaminants.

Check how to install: <https://youtu.be/8s3cmkqoeG0>

* The glass is compatible with most cases available on the market.

** Due to the various milling of the display edges, after installing the protective film/glass on the screen, a delicate air halo may form around the screen! This is a natural situation and depends on the milling of the screen in a given specimen.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it will not interfere with your installation.
- 2) Clean and degrease the surface of the screen thoroughly, and then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two strips of tape, sticking them to the side of the device.
- 4) Remove air bubbles by pressing the entire surface with circular motions for several dozen seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- Cut to the flat part of the display
- Milled 2.5D edges that feel nice to the touch
- Additional oleophobic layer

- Ideal clarity
- Does not affect touch functionality
- Dimensions: 143x67mm

SET INCLUDES:

2 x Hofi Glass Pro+
1 x Installation kit
