TEMPERED GLASS 9D PRIVACY

Privacy-proof 9D tempered glass, protects the phone screen against damage.

Equipped with Privacy Filter - a privacy filter that limits the visibility of the smartphone screen at an angle. Highest quality glass, covered with an electrostatic coating, so it does not collect dust and is exceptionally smooth to the touch.

The glass is 0.33 mm thick, has glue on the entire surface and does not leave bubbles during gluing. Perfectly matched to the selected phone model, it protects the phone on its entire surface, including the rounded display surface.
