

SZKŁO HARTOWANE ESR TEMPERED GLASS 2-PACK IPHONE 16 PRO MAX CLEAR

Product code: 4894240236093

EAN: 4894240236093

High-quality ESR tempered glass is an ideal way to protect the screen from scratches and impacts. It has a thickness of 0.3mm and a hardness of 9H, which is sufficient to provide effective screen protection, while the glass itself has high resistance to surface scratches. It is also coated with an oleophobic layer that reduces the degree of fingerprint smudging on the screen.

The set includes installation accessories along with a positioning frame, making installation very easy and accessible to literally anyone. The frame allows for perfect positioning of the cover with the screen, and the other accessories serve to mount without bubbles and dirt - installing this type of product on such a large screen surface has never been simpler!

See how easy it is: <https://www.youtube.com/watch?v=l3aC5bfNkZw>

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the cover as evenly as you can - you can position it using the positioning frame from the set.
- 4) Remove air bubbles by pressing the entire surface with circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Scratch resistance up to 9H
- Tempered glass with a thickness of 0.3mm
- Has an oleophobic layer
- 2.5D beveled edges
