

SZKŁO PRYWATYZUJĄCE HOFI ANTI SPY GLASS PRO+ 2-PACK GALAXY S25 PRIVACY

Product code: 5906302322039

EAN: 5906302322039

The Hofi Anti Spy Glass Pro+ tempered glass is an excellent solution for users who value their privacy and data security. The applied privacy technology limits the visibility of the screen for bystanders, protecting against unauthorized access, which contributes to increased confidentiality of our conversations and messages.

The Hofi Anti Spy Glass Pro+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is covered with a high-quality oleophobic coating, which minimizes the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in installing glass.

* Remember to remove and re-add fingerprints after installing the glass - if they occur.

** Due to the various milling of display edges, after installing any glass, a delicate air halo may form around the screen. This condition results from the milling of the screen in a given specimen.

Check how easy it is: https://www.youtube.com/watch?v=KG1DA3Y_dJw&ab_channel=FlavourDesign%7CAutoryzowanysklepSpigen

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it will not interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips of tape, sticking them to the side of the device.

4) Remove air bubbles by pressing the entire surface in circular motions for several dozen seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- Milled 2.5D edges that feel nice to the touch
- Additional oleophobic layer
- Perfect clarity
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 144 x 67mm

SET INCLUDES:

- 2 x Hofi Anti Spy Glass Pro+
- 2 x Installation kit
