

TECH-PROTECT ROUGH 2-PACK APPLE AIRTAG 1 / 2 BLACK

Product code: 5906302360710

EAN: 5906302360710

The functional and reliable keychain from Tech-Protect is a great protective option for every Apple Airtag user.

Rough combines a soft and flexible TPU case with a durable carabiner that you can attach to keys, luggage, or other important items.

Raised edges will protect the locator from scratches, and thanks to its open design, it does not cover the speakers, allowing access to the full and strong signal sent by the device.

Easy to install - installation based on "twist-and-lock".

PRODUCT FEATURES:

- 100% original
- Packed in original packaging
- Easy to install
- Minimalist design
- Perfectly fitted
