

## SZKŁO PRYWATYZUJĄCE TECH- PROTECT GLASS SPY+ IPAD 10.9" 10 / 2022 / 11" 11 / 2025 PRIVACY

Product code: 5906302368129

EAN: 5906302368129

Tech-Protect Anti Spy Glass Pro+ is an excellent solution for users who value their privacy and the security of their data. The applied privacy technology limits screen visibility for bystanders, protecting against unauthorized access, which contributes to increased confidentiality of our conversations and messages.

Tech-Protect Anti Spy Glass Pro+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is coated with a high-quality oleophobic layer, minimizing the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in installing glass protectors.

\* Remember to remove and re-add fingerprints after installing the glass - if they are present.

\*\* Due to the various edge milling of displays, after installing any glass, a delicate air halo "may" form around the screen. This condition results from the milling of the screen in a given specimen.

**See how easy it is:**

### **INSTALLATION INSTRUCTIONS:**

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it will not interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can reposition it using two small pieces, sticking them to the side of the device.
- 4) Get rid of air bubbles by pressing the entire surface in circular motions for several dozen seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

**PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges pleasant to the touch
- Additional oleophobic layer
- Ideal transparency
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 245 x 176 mm

**SET INCLUDES:**

- 1 x Tech-Protect Anti Spy Glass Pro+
- 1 x Installation kit
