

SZKŁO HARTOWANE TECH-PROTECT GLASS FIT+ 2-PACK GARMIN FORERUNNER 55 CLEAR

Product code: 5906302368761

EAN: 5906302368761

The Tech-Protect Glass Fit+ tempered glass is a high-quality protective accessory made from lightweight and precisely milled glass with a thickness of only 0.3mm.

The perfectly matched construction fully retains the sensitivity of the touchscreen. The manufacturer rates its hardness level at 9H on a ten-point scale, which translates to exceptional scratch resistance during everyday use.

The glass features crystal clarity, preserving natural colors and sharpness of the display. An additional advantage is the special oleophobic coating, which effectively minimizes the accumulation of fingerprints and other contaminants on the glass surface, making it easier to keep clean.

* Due to the various milling of display edges, after installing the protective film/glass on the screen, a delicate air halo may appear around the screen! This is a natural situation and depends on the milling of the screen in a given specimen.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips, sticking them to the side of the device.
- 4) Remove air bubbles by pressing the whole thing firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- Cut to the flat part of the display
- 2.5D milled edges that feel nice to the touch

- Additional oleophobic layer
- Ideal clarity
- Does not affect touch functionality
- Dimensions: ø 35 mm

SET INCLUDES:

2 x Tech-Protect Glass Fit+

2 x Installation kit
