

SZKŁO PRYWATYZUJĄCE ESR TEMPERED GLASS GALAXY S25 ULTRA PRIVACY

Product code: 4894240252703

EAN: 4894240252703

The ESR Privacy tempered glass is an innovative product that combines the advantages of traditional tempered glass with an additional layer of protection. It is a modern solution that significantly secures our privacy in everyday situations.

The main feature of the glass is its ability to limit the visibility of the display content from the side. Thanks to the use of unique technologies and special coatings, this glass minimizes the viewing angle - the screen is visible only to the person looking at it directly.

Additionally, it has a thickness of 0.3mm and a hardness of 9H, which is sufficient for effective display protection, while maintaining high resistance of the glass itself to superficial scratches. It is coated with an oleophobic layer that reduces the degree of fingerprint marks on the screen.

The package includes installation accessories along with a positioning frame, making installation very easy and accessible to literally everyone. The frame allows for perfect positioning of the coating with the screen, and the other accessories help with bubble-free and dirt-free installation - installing this type of product on such a large screen area has never been easier!

See how easy it is:

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the air and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using the positioning frame from the set.
- 4) Remove air bubbles by pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original

- Packed in original packaging
- Scratch resistance up to 9H
- Tempered glass with a thickness of 0.3mm
- Has an oleophobic layer
- Privacy properties
- 2.5D beveled edges
- Easy installation using the frame and installation kit
- Does not affect touch sensitivity
- Dimensions:

SET INCLUDES:

1 x ESR Privacy Glass

1 x Installation kit + positioning frame
