ESR Flip Hybrid Case is an elegant and functional accessory designed for users who value not only aesthetics but also daily comfort and top-level device protection.

The case features a lightweight, slim design that does not add bulk while providing solid protection for the back and sides of the iPad. The flap securely adheres to the screen, protecting it from scratches and dirt, while the automatic sleep and wake function extends battery life and makes using the iPad even more intuitive.

One of the greatest advantages of the ESR Flip Case is its versatility – the case easily transforms into a stand with an adjustable tilt angle, perfect for writing, watching movies, video conferencing, or drawing. The built-in holder for the Apple Pencil not only allows for storage but also supports magnetic charging, ensuring your stylus is always ready for action.

All of this is wrapped in a modern, matte form that complements the aesthetics of the iPad and gives it a professional look. The ESR Flip Case is the ideal choice for active, creative individuals working and learning on the go – for anyone who wants to combine style, comfort, and reliable protection in one case.

How to check if the accessory fits your iPad?
