

SPIGEN SA2401 ANC PRO IN-EAR EARPHONE BLACK

Product code: 8809971228343-ASD07887

EAN: 8809971228343

Spigen SA2401 is a modern in-ear headphone that combines advanced noise reduction technology with perfect sound quality. With active noise reduction of up to 40 dB, you can enjoy peaceful listening in any conditions, and the 10mm Bio-Diaphragm dynamic drivers guarantee deep bass and crystal-clear highs, creating a natural and realistic sound.

The headphones offer an impressive battery life of up to 30 hours thanks to an efficient battery and a compact charging case, making them suitable for both daily activities and longer trips. Gamers will appreciate the low-latency mode, ensuring smooth and synchronized gameplay, while users seeking personalized sound experiences can benefit from the Spigen Audio app with five ready-made profiles and a customizable equalizer.

A stable and fast connection is guaranteed by Bluetooth 5.2, which allows for seamless pairing, and music and calls always remain at the highest level. Spigen SA-TW S10 ANC is the perfect choice for those who value comfort, modern features, and the highest sound quality in a compact form.

*Before pairing, remove the protective cover from the headphones.
