

SUPCASE UNICORN BEETLE PRO IPHONE AIR BLACK

Product code: 843439159310

EAN: 843439159310

The Unicorn Beetle Pro case from Supcase is one of the most complete and durable products in our entire range. The case consists of a set of three parts.

The armor wraps around the device from the back and edges - made of a blend of soft thermoplastic material and a hard polycarbonate shell, giving it very high durability. The case is equipped with button covers and sealed port caps, preventing dust, dirt, and moisture from entering.

The next element of the set is a skeleton placed on the front of the device, which integrates a polycarbonate shield, effectively separating the display from flat surfaces, allowing your device to feel safe.

Completing the whole is an extremely practical rotating clip that can be attached to a belt.

The case is perfectly fitted and does not restrict wireless charging capabilities. The slightly raised form of the frame around the camera and screen protects it from scratches, lifting the phone just above flat surfaces.

The Supcase Unicorn Beetle Pro is a case that has undergone drop tests, 26 times from heights of up to 1.2m, thus receiving the American military certification MIL-STD 810G-516.6.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Lightweight composite construction
- Integrated polycarbonate shield protecting the screen
- Precisely made
- Provides extreme drop protection
- Perfectly fitted
- Fully functional
- Meets military drop-test standard (MIL STD 810G 516.6)
