

TECH-PROTECT BASICMAG MAGSAFE IPHONE 17 PRO MATTE COSMIC ORANGE

Product code: 5906302334827

EAN: 5906302334827

The Tech-Protect BasicMag MagSafe case combines minimalist design with effective protection. The slim, dual-layer construction with a flexible TPU frame and a hard polycarbonate back protects the device from shocks, drops, and scratches while remaining lightweight and comfortable for everyday use.

The matte finish adds elegance and does not collect fingerprints, while the perfect fit ensures full access to buttons and ports. The built-in magnetic ring guarantees full compatibility with MagSafe technology, allowing for quick charging and the use of accessories without the need to remove the case.

Raised edges around the screen and camera further protect the critical elements of the smartphone when in contact with flat surfaces. This case is the perfect choice for those who want to combine reliable protection, a modern look, and comfort for everyday use.
