EAN: 5906302334742

Classic, one-piece Flexair Hybrid case from Tech-Protect with a transparent finish, designed to highlight the lines and original silhouette of the device.

The hybrid construction combines rigid polycarbonate back and a durable, flexible frame around it. The whole provides excellent protection against scratches and damage while maintaining a slim and lightweight design.

Perfectly fitted case closely adheres to the device, enhancing the comfort of use, and precisely made cutouts do not limit functionality - free access to buttons and ports. The slightly raised form around the camera and screen protects against scratches, lifting the phone just above flat surfaces.

The case is equipped with a ring compatible with wireless MagSafe technology.

The magnetic ring ensures maximum charging efficiency and quick and easy connection with all MagSafe-compatible accessories.
