## SPIGEN GEARLOCK MF100 OUT FRONT BIKE MOUNT

Product code: 8809613765540-000MP25056

EAN: 8809613765540

Gearlock MF100 from Spigen is a handlebar mount for bicycles, it is ultra-lightweight due to the use of carbon glass and very modest, so it does not disrupt the aerodynamics of our bike.

The set also includes Gearlock AU100, a universal adapter that can be used with any mobile device - thanks to the use of double-sided 3M VHB (Very High Bond) adhesive tape with high bonding strength and resistance to high temperatures, it can be attached to any smartphone or even a case.
