ESR PROJECT ZERO IPHONE 14 PLUS 15 PLUS CLEAR

Product code: 4894240161920

EAN: 4894240161920

A delicate, lightweight, and thin case designed for everyday protection against scratches and falls. The case is made of flexible and shock-absorbing TPU material, which provides protective qualities and improves grip of the device in hand.

The case, thanks to its edge rims, separates both the screen and the camera of the phone from flat surfaces, preventing scratches on these critical parts of the device. The transparent back panel of the case does not significantly affect the appearance and does not increase the dimensions of the phone, allowing to showcase its elegant, unique look.
