TECH-PROTECT N50 MAGNETIC MAGSAFE DASHBOARD & VENT CAR MOUNT BLACK

Product code: 9589046925771

EAN: 9589046925771

N50 is the latest proposal for a magnetic car mount from Tech-Protect designed for users of MagSafe technology.

The stable, compact design does not affect visibility while driving, and the built-in strong magnet guarantees quick and secure attachment.

The movable arm and 360° rotating head provide great configurability while not affecting the stability of the structure.

The entire unit can be mounted on the car dashboard or, thanks to the interchangeable tip, on the car's air vent.

* The MagSafe magnetic function works exclusively directly with the phone or with a case that has a built-in magnetic loop for MagSafe applications.

PRODUCT FEATURES:
