The SC Pen Hybrid case from Tech-Protect is a lightweight and slim protective case that will protect against damage while highlighting the unique silhouette of your device.

The hybrid construction combines a flexible TPU shock-absorbing frame and hard PC back. The SC Pen Hybrid will protect against accidental drops or scratches while not completely covering the original look.

The built-in screen cover can serve as a stand for more comfortable tablet use, and thanks to the wake and sleep technology, it will provide a slightly longer battery life.
