## TECH-PROTECT KEVLAR GALAXY S23+ PLUS CLEAR

Product code: 9490713932346

EAN: 9490713932346

Kevlar is a slightly slimmer yet very durable offering from Tech-Protect. The case provides excellent 360-degree protection for your device while highlighting the unique design of your smartphone.

The dual-layer construction guarantees perfect protection for the phone during everyday use. The frame with a built-in polycarbonate cover for the display and raised edges will perfectly protect the front part of your device.

The back panel of the case combines durable and lightweight polycarbonate with shock-absorbing TPU - The model utilizes air space technology that protects the corners of the case. The dual protection system provides extreme security in all conditions.

The product is perfectly fitted, fully functional, and does not restrict wireless charging capabilities. Precisely made cutouts allow for quick and easy access to all ports, and the silicone finish on the sides ensures a secure grip.

The Kevlar case has a military certification MLT-STD-810H, which means that the product has undergone specialized durability tests and meets strict user requirements.
