SZKŁO PRYWATYZUJĄCE HOFI ANTI SPY GLASS PRO+ IPHONE 14 PRO MAX PRIVACY

Product code: 9490713933565

EAN: 9490713933565

The Hofi Anti Spy Glass Pro+ tempered glass is an excellent solution for users who value their privacy and data security. The applied privacy technology limits screen visibility for bystanders, protecting against unauthorized access, which contributes to increased confidentiality of our conversations and messages.

The Hofi Anti Spy Glass Pro+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is covered with a high-quality oleophobic coating, which minimizes the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in glass installation.

* Remember to remove and re-add fingerprints after installing the glass - if they are present.

** Due to the various edge milling of displays, after installing any glass, a delicate air halo may form around the screen. This condition results from the milling of the screen in that particular specimen.

Check how easy it is: https://www.youtube.com/watch?v=KG1DA3Y_dJw&ab_channel=FlavourDesign%7CAutoryzowanysklepSpigen

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips by sticking them to the side of the device.
- 4) Get rid of air bubbles by pressing the whole thing firmly in circular motions for several seconds. Do this

so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges that feel nice to the touch
- Additional oleophobic layer
- Perfect clarity
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 153x73mm

SET INCLUDES:

- 1 x Hofi Anti Spy Glass Pro+
- 1 x Installation kit
