TECH-PROTECT ULTRABOOST ADAPTER TYPE-C TO USB OTG BLACK

Product code: 9490713932858

EAN: 9490713932858

The Tech-Protect adapter with OTG function is a clever way to connect accessories with a USB-A connector such as mice, keyboards, USB drives, cameras, control devices (gamepads, joysticks), modems to devices equipped with a USB-C port like smartphones or tablets. Additionally, it provides high data throughput, enabling fast file transfers between devices and safe energy renewal.

Its solid construction and quality guarantee durability and reliability during use, and its compact size makes the adapter easy to carry.

Ultraboost is incredibly easy to use; just connect it to a device with a USB-C port, and then connect a device with a USB-A connector to it.
