

TECH-PROTECT ULTRABOOST ADAPTER LIGHTNING TO USB OTG BLACK

Product code: 9490713932919

EAN: 9490713932919

The Tech-Protect adapter with OTG function is a clever way to connect accessories with a USB-A connector such as a mouse, keyboard, USB memory, camera, control devices (gamepad, joystick), modem to a device equipped with a Lightning port. Additionally, it provides high data throughput, allowing for quick file transfers between devices.

Its solid construction and quality guarantee durability and reliability during use, while its compact size makes the adapter easy to carry.

Ultraboost is extremely easy to use; simply connect it to a device with a Lightning port, and then connect a device with a USB-A connector to it.
