## SZKŁO HARTOWANE SPIGEN GLAS.TR SLIM PRO APPLE WATCH ULTRA 1 2 (49 MM) BLACK

Product code: 8809896745277-AGL06163

EAN: 8809896745277

Spigen Glas.tR Slim Pro is the ideal solution for those who want to ensure additional protection for their watch screen. Made of tempered glass with a hardness of 9H and a metal cover, it provides durability and reliability.

The colored frame protects the watch's bezel from drops and scratches while maintaining the stylish appearance of the device. This way, you can be assured that your smartwatch will remain in excellent condition for a long time.

Installation is extremely simple - just align it precisely and press - to install the Slim Pro. The package also includes a standard installation kit, making it easier to install the cover on your watch by yourself.

### **INSTALLATION INSTRUCTIONS:**

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the cover as evenly as you can.
- 4) Remove air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

### **PRODUCT FEATURES:**
