TECH-PROTECT NC30W 2-PORT NETWORK CHARGER PD 30W QC3.0 WHITE

Product code: 9490713935194

EAN: 9490713935194

Tech-Protect NC30W is a 2-port network charger that provides efficient and safe charging for electronic devices. NC30W is an excellent solution for those who need fast and effective charging for smartphones, tablets, and other devices.

With the NC30W, you can charge two devices simultaneously, which is very convenient and functional. The PD30W port allows for fast and intelligent charging compliant with the Power Delivery protocol, meaning you can charge smartphones and tablets compatible with this standard at full power and speed.

Additionally, the Tech-Protect NC30W charger features a Quick Charge 3.0 port, which is compatible with a wide range of devices. This technology allows for significantly faster charging compared to standard chargers, enabling you to quickly charge your devices to full battery capacity.

Safety is a priority for Tech-Protect, which is why the NC30W charger is equipped with multiple protections, such as surge protection, overheating protection, and short-circuit protection. The built-in circuits protect your devices from potential damage and maintain stable charging current.

The Tech-Protect NC30W charger is a compact device that can be easily taken on trips. With the ability for fast and safe charging, you can enjoy the full performance of your devices anywhere and anytime.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Small and ergonomic shape
- Intelligent and fast charging
- Input voltage range: 100-240V
- USB-C output: 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A (30W Max)
- USB-A output: 5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A (30W Max)
- Compatible with iOS, Android
- Compact size

SET INCLUDES:

1 x Tech-Protect NC30W Network Charger
