TECH-PROTECT NC100W-GAN 4-PORT NETWORK CHARGER PD 100W QC3.0 BLACK

Product code: 9490713935101

EAN: 9490713935101

The Tech-Protect NC100W-GAN 4-port network charger is a modern device that enables fast and efficient charging of multiple devices simultaneously. It is equipped with three USB-C ports and one USB-A port.

The applied GaN (gallium nitride) technology offers higher efficiency, faster charging, a compact design, and greater safety compared to traditional chargers.

NC100W-GAN provides fast charging with a power of 100W, allowing for rapid charging of most mobile devices such as smartphones, tablets, and laptops. The USB-C ports support the Power Delivery (PD) protocol, which allows for intelligent adjustment of the charging power to the connected devices, ensuring optimal conditions for fast and safe charging.

The USB-A port compatible with Quick Charge 3.0 (QC3.0) technology enables fast charging of devices that support this standard. This allows you to charge older smartphones, tablets, and other devices that are not compatible with USB-C without losing performance.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Smart and fast charging
- Input voltage range: 100-240V~50/60Hz 2.0A Max
- Output USB-C1:5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A(100W Max)
- Output USB-C2:5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A(100W Max)
- Output USB-C3:5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A(100W Max)
- Output USB-A:5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A (30W Max)
- Compatible with iOS, Android
- Small and ergonomic shape

1 x Tech-Protect NC100W-GAN network charger
