## TECH-PROTECT C35W 2-PORT NETWORK CHARGER PD 35W + TYPE- C CABLE WHITE

Product code: 9319456605570

EAN: 9319456605570

Convenient and practical set including the C35W charger and a USB-C cable from the Tech-Protect brand.

The dual-port USB-C charger (PD35W) allows for quick and, above all, safe energy renewal in mobile devices. The applied Power Delivery technology minimizes charging time by rapidly increasing the power of devices, while the protective systems safeguard the device against harmful overloads. The accessory features an intelligent management system that adjusts the optimal voltage to the specific equipment.

The flexible and durable cable with PD35W fast charging capability allows for rapid charging of devices with a USB Type-C connector. Made from a combination of high-quality materials - galvanized copper (wire core) and TPE coating - flexible and durable - with additional reinforcement at the ends. The cable also allows for data transfer at speeds of up to 480MB/sec.

### **PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Compact size
- Precisely made
- Fast charging function
- Durable construction
- PD35W technology
- Input voltage range: 100-240V~50/60Hz, 1.0A
- Output voltage: USB-C1/C2: 5V/3A, 9V/3A, 12V/2.9A, 15V/2.3A, 20V/1.75A

### **THE SET INCLUDES:**

- 1 x Tech-Protect C35W Network Charger
- 1 x USB-C Cable 100cm
