SZKŁO PRYWATYZUJĄCE HOFI ANTI SPY GLASS PRO+ GALAXY S24 ULTRA PRIVACY

Product code: 5906203692286

EAN: 5906203692286

The Hofi Anti Spy Glass Pro+ tempered glass is an excellent solution for users who value their privacy and the security of their data. The applied privacy technology limits screen visibility for bystanders, protecting against unauthorized access, which contributes to increased confidentiality of our conversations and messages.

The Hofi Anti Spy Glass Pro+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is coated with a high-quality oleophobic layer, minimizing the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in glass installation.

* Remember to remove and re-add fingerprints after installing the glass - if they exist.

** Due to the various edge milling of displays, after installing any glass, a delicate air halo "may" form around the screen. This condition results from the milling of the screen in a given specimen.

Check how easy it is: https://www.youtube.com/watch?v=KG1DA3Y_dJw

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips by sticking them to the side of the device.
- 4) Get rid of air bubbles by pressing the entire surface with circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges pleasant to the touch
- Additional oleophobic layer
- Perfect transparency
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 158x74mm

SET INCLUDES:

- 1 x Hofi Anti Spy Glass Pro+
- 1 x Installation kit
