TECH-PROTECT QI15W-A30 MAGNETIC MAGSAFE WIRELESS CHARGER SILVER

Product code: 5906302308316

EAN: 5906302308316

Tech-Protect Qi15W-A30 Magsafe is an innovative and modern wireless charger designed for exceptional performance and user convenience. It is primarily dedicated to Apple devices equipped with MagSafe technology. The accessory offers fast and reliable energy replenishment without the need for connecting cables.

Qi15W-A30 is equipped with strong magnets that allow for secure and stable placement of the phone on the charger, eliminating accidental shifts or loss of connection. Thanks to them, the device keeps the smartphone in an optimal position, ensuring maximum charging efficiency.

The solid construction and aesthetic design provide not only functionality but also add elegance to the space in which it is located. Its compact size allows for easy portability and convenient use both at home, in the office, and while traveling.

The wireless charging technology is another hallmark of this charger. You no longer have to worry about tangled cables and difficulties connecting devices. Just place the device on the charger, and the charging process will start automatically.

It is also worth mentioning that the Qi15W-A30 comes with a 100cm charging cable that is permanently attached to the charger.

* To utilize the full capabilities of the induction charger, we recommend connecting it to a power adapter with an output power of 20W (V*A) or more.

** The magnetic MagSafe function works only directly with the phone or with a case that has a built-in magnetic eye for MagSafe use.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Compatible with the MagSafe system
- Protective system ensuring safety against overheating and overvoltage
- USB-C input current: 5V/2A 9V/2A

- Smartphone output power: 15W/10W/7.5W/5W

SET INCLUDES:

1 x Tech-Protect A30 Charger

1 x USB-C Cable 100 cm
