

TECH-PROTECT ULTRABOOST MAX USB 4.0 8K 40GBPS TYPE-C CABLE PD 240W 100CM GREY

Product code: 5906302308989

EAN: 5906302308989

The Tech-Protect UltraBoost Max USB 4.0 cable is an advanced accessory that meets the needs of even the most demanding technology users. Its durable construction, high data transfer speed, and fast PD240W charging make it an ideal choice for both home and professional use.

Support for the USB 4.0 standard provides incredible data transfer speeds of up to 40 Gbps, allowing for instant transfer of large files such as 8K quality videos, applications, or backups.

The cable supports ultra-high-definition 8K video transmission, making it perfect for working with modern monitors, TVs, and projectors, providing crystal-clear images and amazing details.

Thanks to Power Delivery 240W technology, the cable allows for rapid charging of devices such as laptops, tablets, or smartphones, significantly reducing the time needed to fully charge the battery.

Universal USB 4.0 connectors enable compatibility with a wide range of devices, from laptops and tablets to smartphones and modern accessories.

The solid construction and high-quality materials used in the production of the cable guarantee its longevity and resistance to daily wear, ensuring a stable and reliable connection.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Precisely made
- Material: Aluminum
- Power Delivery technology: 240W/5A
- Fast charging function
- Features a durable construction
- Data transfer: 40Gb/s
- Image: 4K/120Hz, 8K/60Hz
- Interface: USB-C 4.0
- Length: 100cm

SET INCLUDES:

1 x Tech-Protect UltraBoost Max Cable
