## TECH-PROTECT QI15W-A35 3IN1 MAGNETIC MAGSAFE WIRELESS CHARGER WHITE

Product code: 5906302309559

EAN: 5906302309559

The multifunctional A35 wireless charger from Tech-Protect allows for simultaneous or completely separate charging of three devices - iPhone with MagSafe function, AirPods, and Apple Watch. The simple yet functional design finished in subdued colors gives it a very aesthetic appearance. Additionally, the charger has a dedicated slot for a stylus, which increases its functionality and allows for convenient storage of accessories in one place.

The design is modular, allowing you to charge your devices in various configurations. The magnet holds securely, and everything stands on strong, non-slip rubber feet.

The protection system safeguards connected devices from overheating and overvoltage, maintaining a consistently low temperature during charging. Therefore, leaving devices on the charger for several hours is completely safe.

\* The MagSafe magnetic function works only and exclusively directly with the phone or with a case that has a built-in magnetic eye for MagSafe use.

\*\* To utilize the wireless charger to its full potential, we recommend connecting it to a power adapter with an output power of at least 35W.

### **PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Aesthetic
- Compatible with Magsafe
- USB-C Input: QC3.0 9V/2A
