SZKŁO PRYWATYZUJĄCE HOFI ANTI SPY GLASS PRO+ 2-PACK IPHONE 16 PRO MAX 17 PRO MAX PRIVACY

Product code: 5906302310890

EAN: 5906302310890

The Hofi Anti Spy Glass Pro+ tempered glass is an excellent solution for users who value their privacy and data security. The applied privacy technology limits screen visibility for bystanders, protecting against unauthorized access, which contributes to increased confidentiality of our conversations and messages.

The Hofi Anti Spy Glass Pro+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is coated with a high-quality oleophobic layer, minimizing the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in glass installation.

* Remember to remove and re-add fingerprints after installing the glass - if present.

** Due to the various edge milling of displays, a delicate air halo "may" form around the screen after installing any glass. This condition results from the milling of the screen in the given specimen.

See how easy it is: https://www.youtube.com/watch?v=KG1DA3Y_dJw&ab_channel=FlavourDesign%7CAutoryzowanysklepSpigen

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Thoroughly clean and degrease the screen surface, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips by sticking them to the side of the device.
- 4) Get rid of air bubbles by pressing the entire surface in circular motions for several seconds. Do this so

that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges that feel nice to the touch
- Additional oleophobic layer
- Ideal transparency
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 159 x 73 mm

SET INCLUDES:

- 2 x Hofi Anti Spy Glass Pro+
- 2 x Installation kit
