TECH-PROTECT MAGHYBRID MAGSAFE IPHONE 16 PRO BLACKRED

Product code: 5906302312085

EAN: 5906302312085

The Tech-Protect MagHybrid case combines stylish and simple design with a high level of protection, ideal for those who value both aesthetics and the safety of their device. Made from high-quality TPU and PC components, it provides reliable protection against damage. The flexible polyurethane frame effectively protects against shocks and drops, while the hard, transparent polycarbonate back highlights the original look of the phone.

Additionally, the case is compatible with MagSafe, allowing for easy and convenient use of accessories. The button covers ensure full functionality and user comfort, while the metal, raised lens frame guarantees extra protection for the camera.

The Tech-Protect MagHybrid is the perfect choice for anyone looking for a stylish yet durable case for their phone.
