## SUPCASE UB MAG MAGSAFE IPHONE 16 PRO MAX GREY

Product code: 843439150867

EAN: 843439150867

The solidly crafted UB Mag case is a lighter and significantly slimmer option from the Supcase brand. The perfectly fitted hybrid construction provides a high level of protection. The transparent back reinforced and hardened with a polycarbonate coating will excellently protect the device from scratches while showcasing the original silhouette of your device.

The soft frame made of thermoplastic material with a matte finish improves grip, and the reinforced corners will absorb shocks or falls.

The slightly raised form of the case around the camera and screen protects it from scratches, lifting the phone just above the flat surface. It features button covers and cutouts for ports.

The case is equipped with a ring compatible with wireless MagSafe technology.

The magnetic ring ensures maximum charging efficiency and a quick and easy connection to all MagSafe-enabled accessories.

The Supcase UB Mag is a case that has undergone drop tests, 26 times from a height of up to 1.2m, thus receiving the American military certification MIL-STD 810G-516.6.
