Product code: 8809971228527-AGL07908

EAN: 8809971228527

Tempered glass with a revolutionary installation method - if you have been intimidated by this aspect of using tempered glass until now, your problems have just been solved!

The tempered glass from the "EZ Fit" series by Spigen is secured with a perfectly cut mounting frame that fits the front of the phone, allowing you to position it perfectly on the screen. The manufacturer has simplified the installation process to the point that it is fully intuitive for every user.

Privacy glass is a thin coating that has been hardened to a hardness of 9H during the production and tempering process. This makes it resistant to scratches even when in contact with sharp objects like keys or knives.

The glass is covered with an oleophobic and hydrophobic layer that prevents fingerprints or other contaminants from being left on the screen. It is crystal clear and perfectly reproduces the displayed colors. It also does not affect touch sensitivity and has an exceptional smoothness, making it a pleasure to glide your finger across the screen.

Its additional function is privacy protection - the glass blocks light emitted by the display at certain angles, achieving an effect similar to that of ATMs.

The glass is particularly dedicated to protecting the screen from scratches and minimizes the risk of screen damage during an unexpected fall.

See how easy it is: https://www.youtube.com/watch?v=SqhPSAi-Vjg&ab_channel=FlavourDesign%7CAutoryzowanysklepSpigen

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Thoroughly clean and degrease the surface of the screen, then polish it to a shine with a dry cloth.
- 3) Apply the frame with the unsealed glass to the front of the phone.
- 4) Remove the frame along with the protective film. Get rid of air bubbles by pressing the whole thing

firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges that feel nice to the touch
- Additional oleophobic layer
- Privacy protection
- Does not affect touch functionality
- Dimensions: 159x74mm

SET INCLUDES:

- 2 x Spigen Glas.TR "Ez Fit" Privacy Glass
- 2 x Installation kit
