SZKŁO PRYWATYZUJĄCE RINGKE EASY SLIDE 2-PACK IPHONE 16 PRO PRIVACY

Product code: 8800274960053

EAN: 8800274960053

High-quality tempered glass Ringke Easy Slide with protective filter function is the ideal way to protect your screen from damage while also limiting its visibility to bystanders. The polarizing filter reduces screen visibility at an angle of 28°, and completely reduces it at an angle of 40°.

The glass has a hardness of 9H, which is a sufficient value for effective screen protection, with high resistance of the glass itself to surface scratches. It is also coated with an oleophobic layer that reduces the degree of fingerprint marks on the screen.

Additionally, to ensure easy installation, the Easy Slide installation tool is included in the set, making the application of the glass simpler and more precise.

Trust the Ringke brand and its excellent quality!

* The glass is cut only for the flat part with a protruding structure, according to and based on the die prepared by the manufacturer of the specific phone model.

** Due to various milling, a delicate air halo may form around the screen after installing the protective glass. This is a natural situation and depends on the device itself.

INSTALLATION INSTRUCTIONS:

1. Start the installation in the bathroom right after a shower – the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
2. Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth. Make sure no dust particles remain.
3. Place the frame with the already mounted glass on the phone – it will ensure precise fitting and facilitate application.
4. Pull the starter film to begin the automatic glass application process on the screen.
5. Press the glass in designated places. Do this carefully so that the adhesive layer bonds well with the surface.
6. Remove the frame and eliminate any air bubbles by moving your finger in circular motions.

Done! Enjoy perfectly applied screen protection.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Scratch resistance up to 9H
- Has a polarizing filter
- Has an oleophobic layer
- 2.5D milled edges that feel nice to the touch
- Does not affect touch sensitivity
- Dimensions: 147x69mm

SET INCLUDES:

2 x Ringke Easy Slide Privacy Glass

2 x Installation kit
