FOLIA HYDROŻELOWA SPIGEN ELITE SHIELD "EZ FIT" HD GALAXY S25 ULTRA CLEAR

Product code: 8809971239141-AFL09083

EAN: 8809971239141

The Elite Shield protective film, installed wet, from Spigen is designed for devices with a curved display. It utilizes advanced TranSheer Layer Technology, which provides transparent and nearly invisible screen protection. It consists of several layers, including a protective layer, self-healing layer, base layer, and OCA adhesive layer, ensuring excellent clarity and durability. Thanks to the flexible EPU material, it perfectly fits the curved edges of the display, offering full coverage and protection against mechanical damage.

The installation of Elite Shield is done wet, is quick and easy thanks to the included EZ Fit mounting frame. The installation process has been optimized to avoid air bubbles and allow precise fitting to the screen.

Additionally, it is equipped with a self-healing coating that automatically eliminates minor scratches, keeping the screen in pristine condition for a long time.

Elite Shield is the ideal solution for those who value both aesthetics and high functionality in protecting their devices.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it will not interfere with your installation.
- 2) Thoroughly clean and degrease the screen surface, then polish it to a shine with a dry cloth.
- 3) Install the film as evenly as you can - you can position it using the positioning frame from the kit.
- 4) Get rid of air bubbles by pressing the entire surface in circular motions for several dozen seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.
