TECH-PROTECT FLEXAIR HYBRID CC MAGSAFE IPHONE 16 PRO MAX CLEAR

Product code: 5906302322695

EAN: 5906302322695

Classic, one-piece Flexair Hybrid CC Magsafe case from Tech-Protect with a transparent finish, designed to highlight the lines and original silhouette of the device.

The hybrid construction combines rigid polycarbonate back and a durable, flexible frame around it. The whole provides excellent protection against scratches and damage while maintaining a slim and lightweight design.

Perfectly fitted case closely adheres to the device, enhancing the comfort of use, and precisely made cutouts do not limit functionality - free access to buttons and ports. The slightly raised form of the case around the camera and screen protects against scratches, lifting the phone just above the flat surface.

Flexair Hybrid CC Magsafe features a specially designed protective button that works smoothly with the camera control function. The button cover is touch-sensitive, ensuring excellent responsiveness while maintaining full functionality.

The case is equipped with a ring compatible with wireless MagSafe technology.

The magnetic ring ensures maximum charging efficiency and quick and easy connection with all MagSafe-enabled accessories.
