TECH-PROTECT DEFENSE MAGSAFE GALAXY S25 ULTRA BLACK

Product code: 5906302322442

EAN: 5906302322442

The Defense MagSafe case from Tech-Protect is an exceptionally durable case.

The cover is one of the most complete and robust products in our entire range.

The case consists of two elements: a frame that wraps around the edges of the phone along with an integrated hybrid glass with a hardness of 5H, and a hybrid armor that fits on the back of the device.

Equipped with a magnetic ring compatible with MagSafe accessories, it allows for wireless energy renewal without the need to remove the case from the phone. Now you can enjoy charging anywhere and anytime, without any obstacles.

The entire product is made of a mixture of soft thermoplastic material and a hardening polycarbonate coating. Both parts fit together thanks to the "Snap-On" construction.

The slightly raised form of the frame around the camera and screen protects it from scratches, lifting the phone just above the flat surface.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Lightweight composite construction
- Precisely made
- Provides exceptional drop protection
- Integrated hybrid glass protecting the screen
- Compatible with MagSafe technology
- Perfectly fitted
- Fully functional
- Easy to install and remove
