## SUPCASE UNICORN BEETLE PRO 2-SET GALAXY S25 ULTRA BLACK

Product code: 843439156562

EAN: 843439156562

The case from the Unicorn Beetle Pro series by Supcase is one of the most comprehensive and durable products in our entire range. The cover consists of a three-part set.

The armor wrapping around the device from the back and edges - made of a blend of soft thermoplastic material and a hardening polycarbonate shell, giving it very high durability. The case is equipped with button covers and sealed port plugs, preventing dust, dirt, and moisture from entering.

The next element of the set is the skeleton placed on the front of the device, which effectively separates the display from flat surfaces, allowing your device to feel secure.

Completing the whole is an extremely practical rotating clip that can be attached to a belt.

The case is perfectly fitted and does not restrict wireless charging capabilities. The slightly raised form of the frame around the camera and screen protects it from scratches, lifting the phone just above flat surfaces.

Supcase Unicorn Beetle Pro is a case that has been tested for drop performance, dropped 26 times from a height of up to 1.2m, thus receiving the American military certification MIL-STD 810G-516.6.

\*The set includes two front frames for the screen - with a polycarbonate lens or without - the choice according to preference

### **PRODUCT FEATURES:**
