SPIGEN ULTRA HYBRID MAG MAGSAFE IPHONE 16E 17E ZERO ONE WHITE

Product code: 8809971239721-ACS09142

EAN: 8809971239721

Spigen Ultra Hybrid MagSafe is a case that combines the best features of protection and aesthetics, providing your smartphone with both safety and a unique look. Thanks to its unique hybrid construction (TPU + PC), which combines a durable frame with a transparent panel, your phone retains its original design while being effectively protected against damage. Reinforced corners with Air Cushion technology effectively absorb shocks, providing additional protection against drops.

Gently raised edges around the screen and camera protect these elements from direct contact with flat surfaces, and precisely crafted cutouts allow easy access to all ports, buttons, and device functions.

The case is equipped with a ring compatible with wireless MagSafe technology.

The magnetic ring ensures maximum charging efficiency and a quick and easy connection to all MagSafe-enabled accessories.

Spigen Ultra Hybrid is an excellent choice for those who want to secure their phone without obscuring its natural beauty.

PRODUCT FEATURES:
